Episode 2: "Unique Beginnings"

Backstage. The Foundry locker room. Immediately after Sudio vs Lena Wilde and Locked In.

Metal lockers. Rusted. Stickers peeling. Old match photos taped up. The air feels heavy. Used.

Lena Wilde sits on the wooden bench in front of her open locker. Shoulders slumped. Breathing slow but uneven. Sweat still on her skin.

She's not looking at the floor.

Her eyes are locked inside the locker.

One hand rests on the door. Like she's steadying herself.

The hallway door swings open hard.

Sudio storms in. Gear still on. Intensity all over her face. She's already talking before she even fully steps in.

Sudio: LENA! What was that cheap shot about huh? Seriously look at me!

Lena doesn't move.

Sudio steps closer.

Sudio: Lena.

Nothing.

Sudio: Hey!

Lena finally turns her head... but it's not fully to Sudio. Her eyes drift right back into the locker.

Sudio comes in closer.

Sudio: No. Don't do that. Don't shut me out right now. Look at me.

She steps in front of her.

Sudio: I get fighting hard, but that was a cheap shot!

Still nothing from Lena. Just that distant look. Like she's somewhere else.

Lena: I...

She trails off. Eyes flick to her locker again.

Sudio follows it this time.

Sudio: What is in there?

No answer.

Sudio exhales, frustrated, then steps between Lena and the locker.

Sudio: Move!

She reaches inside.

Lena shifts slightly... like she might stop her.

She doesn't.

Sudio pulls it out.

A black VHS tape.

Plain. No design.

Just a name written across it. LENA

Sudio stares at it for a beat. Then back at Lena.

Sudio: What the hell is this?

No response.

Sudio: Is that what this is about? You turning on me for them?

Her voice sharpens.

Sudio: The Seers?

That one lands. Hurt under the anger.

Lena snaps her head up.

Lena: No. Sudio. No. Nothing like that.

Sudio holds the tape up.

Sudio: Then what is it?

Lena finally exhales. This time she can't avoid it.

Lena: That tape... it's been in my locker since day one. Since Reclamation.

Sudio's expression shifts slightly. Listening now.

Lena: I didn't know what it was. Obviously. I just... left it there.

She shakes her head.

Lena: Then I started seeing people watch them. Change. All of the hell it brought into this place.

A beat.

Lena: But I never watched it.

Sudio narrows her eyes.

Lena: I thought it was all theater. All of it. I just wanted to wrestle.

She looks back at the tape.

Lena: But now...

Sudio steps closer.

Sudio: But now what?

Lena hesitates.

Lena: Now MAR's gone.

That hangs.

Lena: No answers. Just... gone.

She finally looks Sudio in the eyes.

Lena: I want to know.

Sudio doesn't like where this is going.

Lena: I want to know what that tape really is. I've seen what it does. People watch it... and it's like they're gone after.

A beat.

Lena: Don't you want real answers?

Sudio shakes her head slightly, almost in disbelief.

Sudio: What are you saying?

Lena stands now. Slow. Certain.

Lena: I'm saying... I'm going to find out.

Silence.

Lena: I'm going after him.

...

Lena: I'm going to UNIQUE.

That one lands heavy.

Sudio just stares at her.

Not angry anymore. Worried...
