CFW PROMOS

DATE: MARCH 24 2026

The arcade is darker than usual, most of the machines powered down, their screens black and lifeless. The space feels closed in, quiet except for a faint electric hum. Reign Rokk and his sister, Rokkit, stand beside one of the dead cabinets, still in the dim light. In one hand, Rokkit holds a black shirt.

Rokkit: "Take it, Rokk."

Reign Rokk: "Look... if this is about joining your group, I don't need.."

Rokkit: "I know you don't. It's not like that. Just... listen "

Rokkit: "I know you don't fear anyone. Especially Stryker. But this? This is insurance. He's got a plan... you should too."

Rokk: "Sis... I'm not a group guy. Especially that group."

Rokkit: "It's not what you think it is. Trust me. It's not what it used to be. Ace has a real vision now."

Rokkit: "This isn't spooky vhs tape shit and make-believe anymore... it's real."

Rokkit: "With Ace... KillJoy... Feral watching your back... what the hell could Adam have planned?"

Rokkit: "Nothing."

Reign Rokk hesitantly takes the black shirt

Rokkit: "You're my brother... but The Seers have been as close to family as it gets."

Rokkit: "Not only will The Seers have your back... they're the top guys in CFW. You belong with them. You're on that level, bro."

Rokk takes the shirt, turning it over in his hands, thoughtful.

Rokkit: "I know you don't need help... but why not have a guarantee?"

He pulls the shirt on. Rokkit lets out a sharp, almost uncontrollable yelp of excitement. Reign Rokk slowly lifts his head... and stares directly into the camera, The Seers shirt now on his back.

Rokk: "Stryker... your first mistake was coming to CFW."
(beat)

Rokk: "Your last will be stepping into that cage with me."
